Registration of Private Vocational Schools

Private vocational schools offering one or more of the training categories listed in this booklet are approved under The Private Vocational Schools Act.

Registered schools are required to make application for registration annually. Only those schools which applied by January 31, 1979, for 1979 registration are listed in this directory.

Supervision of the operation of registered schools includes the approval of all advertising copy, graduation requirements, and fees charged for the courses. It also indicates that teacher qualifications are in accordance with the Act and that the courses registered have been reviewed for their validity.

Approval is required of accommodation, equipment, lighting and heating facilities.

This is a *partial* list of courses conducted by the schools.

Information regarding individual courses may be obtained by communicating directly with the appropriate school listed, or by contacting the Private Career Education Council at Suite 202, 1530 Albion Road, Rexdale, Ontario M9V 1B0, for information about its member schools.

The PCEC is a professional association of private vocational schools in Ontario. In the address section of the directory, the designation PCEC denotes member schools.

Many separate courses are available in each subject area. Courses vary widely in what they cover. For example, one course in radio may teach a student to repair radios, another may teach you to be an engineer with a broadcasting company. It is suggested that you write to the schools for complete information, and then choose the particular course you want.

The fact that two or more registered schools offer courses with similar titles does not mean that these courses are of equal merit or will be of equal value to you. It *does* mean that each school truthfully describes its offerings and that the fees charged are considered reasonable for the facilities available, and for the instruction and services rendered.

Further information may be obtained from
John B. Hay

Introduction

In choosing a vocation, it pays to select the educational institution which can best prepare you to compete in the job market. In certain fields, private vocational schools in Ontario can often provide a suitable alternative to the wide range of training offered by colleges and universities.

About one hundred and seventy-five private vocational schools in the province teach marketable skills to their students.

This booklet will help you select the registered private vocational school that is best suited to your needs. A few minutes' reading will help you to understand better what the schools offer and what costs and contract requirements are involved. It is important that you carefully consider your own aptitudes and career goals *before* you enrol.

What are Private Vocational Schools?

The registered private vocational schools offer training programs which deal with a single occupation or a number of related occupations.

These privately owned and operated schools of business, trade and technology offer training in secretarial and clerical work, bookkeeping, computer science, radio announcing, drafting, salesmanship, fashion modelling, hotel-motel management, engine repair, television electronics, court reporting, and other subjects. Programs may be provided in day or evening classes and, in many cases, by correspondence.

Do I have to be a high school graduate to enrol in a Private Vocational School?

Many schools do not require a particular level of education for enrolment. A high school diploma may be necessary, however, to obtain employment even if you have completed a training course designed to equip you with skills for the job.

Where can I obtain specific information about a particular course?

Write to the school listed in this directory and request information relating to costs, course content, length of training, entrance requirements, and starting dates for courses.

Are Private Vocational School Graduates accepted by employers?

No training program, be it in a college or university or a private vocational school, guarantees employment. A good course should, however, provide you with the skills to meet the minimum employment standards of a particular occupation.

A number of trades and vocations are regulated and require compulsory certification and apprenticeship training. Before enrolling in a course, you should inquire whether credit towards certification will be given. Contact the Industrial Training Branch, Ministry of Education, 10th floor, Mowat Block, Queen's Park, Toronto, Ontario M7A 1B8.

What financial assistance is available?

A limited number of private vocational schools are eligible to participate in various public financial assistance programs for students. Normally this assistance will apply only to courses six months or longer, with an entrance requirement of secondary school graduation. For more complete details consult the Student Awards Branch, Ministry of Education, 8th floor, Mowat Block, Queen's Park, Toronto, Ontario M7A 2B4.

A Private Vocational School sales representative must be licensed

Ontario law requires the school's agent to have a permit bearing the agent's name, and the name of the school represented, when meeting a prospective student away from the school. The representative's permit is endorsed by the Minister of Education as well as the Superintendent of Private Vocational Schools. An owner of a school is not required to have a permit if he or she does not enrol or sign contracts away from the premises of the school. *Do not deal outside the school with a representative who does not have such a permit.*

What should I consider when enrolling in a Private Vocational School?

1. Make sure that the school is registered to operate in Ontario.
2. Be sure you can afford the total cost of enrolment fee, tuition, laboratory fees, books, transportation, room and board, etc.
3. Be realistic in evaluating your own aptitudes. Be sure you have the physical and mental qualities and educational background to profit from the course you are considering.
4. *Read the contract and be sure you understand it before you sign.* Don't be in a hurry. Your signature makes this contract legally binding. Be suspicious of the representative who says you *must* enrol now. Get someone else to review the contract if you do not understand it.
A school is responsible only for those conditions or terms which appear in the contract and descriptive literature, nothing more. Any promises or statements that are made by the representative and are not contained in the contract or catalogue may not be the responsibility of the school.
5. Be sure you understand exactly how much it will cost if you interrupt your training. *The refund policy must be clearly stated on the contract.*
6. Are you willing to devote the time and energy needed to succeed in the course? Many who enrol in correspondence courses do not complete them.
7. If possible, visit a school, see the facilities and equipment and talk with currently enrolled students or graduates. *Talk with employers who have hired graduates.*

Key

Section 1 of this directory lists the courses available on a residence basis, full- or part-time.

Section 2 lists courses available by correspondence.

Section 3 lists the registered schools that offer the courses listed in the previous sections. The schools are listed in alphabetical order and are numbered sequentially for easy reference.

Should you be interested in either a residence or a correspondence course, turn to Section 1 or 2 respectively. The codes accompanying each course listing refer to the schools shown in Section 3 which offer that course.

Some correspondence courses require a terminal period of residence. Further information is available from individual schools.

Section 1:

Residence Courses

Courses	Schools
Accounting	45, 88, 123
Air Conditioning and Refrigeration	45, 88, 118
Aircraft Mechanics	45, 88

Retention and Repayment of Fees

Enrolment in a private vocational school shall be, by means of a contract, approved by the Superintendent of Private Vocational Schools and signed by both the applicant and the school. In the case of a minor below the age of 18, the signature of a guarantor must be included. An original copy of the contract will be held by both parties to the contract.

The following excerpts from Ontario Regulation 881/74, as amended, to the Private Vocational Schools Act, 1974, must be included verbatim on the contractual document.

Section 19

A private vocational school may charge a registration fee which shall not exceed 10 per cent of the total cost of the course of instruction or \$50, whichever is the lesser, and such registration fee shall be applied to the total cost of the course of instruction.

Section 20

(1) Where a person has contracted for a course of instruction at a private vocational school and gives notice in writing by registered mail to the private vocational school at least twenty-one days prior to the commencement date of the course of instruction, of his intention not to commence the course of instruction, the private vocational school shall refund any money paid for or on account of the fees by or on behalf of the person, except for the registration fee referred to in section 19.

(2) Where a person has contracted for a course of instruction at a private vocational school and gives notice in writing by registered mail to the private vocational school at any time prior to the commencement date of the course of instruction, but less than twenty-one days prior to such commencement date of his intention not to commence the course of instruction, the private vocational school shall refund any money paid for or on account of the fees by or on behalf of the person except,

- (a) the registration fee under section 19; and
- (b) 10 per cent of the fees for the whole course of instruction.

(3) Where a person has contracted for a course of instruction at a private vocational school and gives notice in writing by registered mail to the private vocational school after the commencement date of the course of instruction, of his intention to cease taking the course of instruction, the private vocational school shall refund any money paid for or on account of the fees by or on behalf of the person except,

- (a) the registration fee under section 19;
- (b) the proportion of the fees for the whole course of instruction that the part of the course of instruction supplied and serviced up to the time of receipt of the notice bears to the whole course of instruction; and

(c) 10 per cent of the difference between the fees for the whole course of instruction and the proportion of the fees that the part of the course of instruction supplied and serviced up to the time of receipt of the notice bears to the whole course of instruction.

(4) Where it is necessary for a private vocational school to supply equipment in addition to written material for a course of instruction and the equipment is supplied to a person and the private vocational school receives from the person a notice under subsections 1, 2 or 3, the private vocational school may make a charge, not exceeding the equivalent retail cost to the private vocational school, for the equipment or for the use thereof, as the case may be, except where the person returns all the equipment to the private vocational school unopened or as issued, within ten days of the receipt of the equipment by the person.

Section 23

Where a private vocational school is required to refund any money under sections 20, 21 or 22, the private vocational school shall refund the money to the person entitled within thirty days of the receipt by the private vocational school of the notice referred to in sections 17, 20 and 21, as the case may be. O. Reg. 881/74, s. 23.

Section 23a

(1) Where a private vocational school has after the commencement date of a course of instruction dismissed a student due to academic failure, contravention of a school regulation, misconduct or failure to pay the required fees under a written contract for a course of instruction and the private vocational school has satisfied the Superintendent that the dismissal was for good cause, the private vocational school shall refund any money paid for or on account of the fees by or on behalf of the student except,

- (a) the registration fee under section 19;
- (b) the proportion of the fees for the whole course of instruction that the part of the course of instruction supplied and serviced to the date of dismissal bears to the whole course of instruction; and
- (c) 10 per cent of the difference between the fees for the whole course of instruction and the proportion of the fees that the part of the course of instruction supplied and serviced to the date of dismissal bears to the whole course of instruction.

(2) Where a private vocational school has dismissed a student under subsection 1, the private vocational school may retain, in addition to the moneys referred to in subsection 1, an amount required to repair or replace any property of the private vocational school that has been damaged or destroyed as a direct result of the action or conduct of the dismissed student and the private vocational school has satisfied the Superintendent that such damage or destruction was caused by the willful action of such student. O. Reg. 485/77, s. 6.
